Now everyone can utilize and personalize the space wasted behind decorative fillers with this ground-breaking storage option.

We didn't just create another organizer... we created the whole cabinet that transforms decorative fillers into storage pullouts.

The fillers feature full-extension ball bearing slides, black accessory hooks, pegs, and magnetic grade stainless steel panel that provide endless storage customization from storing pots and pans, cleaning accessories, various cooking utensils, keys, craft supplies and much, much more.

Our three slide design provides for the most stable function on the market.
