

5349 SERIES

SINGLE DOOR MOUNT WASTE CONTAINERS

It's all about the smooth sliding system with the 5349 Series. This assortment of single and double stainless steel or polymer waste containers features heavy-duty brushed aluminum soft-closing slides that provide exceptional support and stability eliminating that side-to-side movement and a fully adjustable (10" High) door mount frame with built-in storage area for bags.

DOOR MOUNT

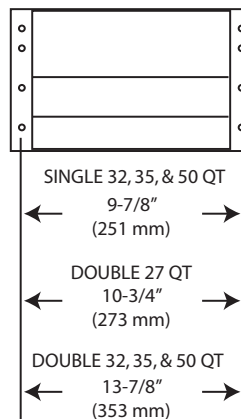

These products come with built-in door mount brackets. If the hole spread aligns with a thin, delicate, or seamed area of your cabinet, purchase the 5345-DM-KIT-52 (See next page) to ensure mounting to the thick portion of your door.

You asked for it REV-A-SHELF® delivered!

These items feature soft-close! The same smooth sliding, heavy-duty slides you expect from Rev-A-Shelf, with a cutting-edge soft-close design.

DOOR MOUNT EXTENSION BRACKETS

Introducing another Rev-A-Shelf original... the Door Mount Extender Kit. Designed for our aluminum frame pullouts, this door mount kit attaches to the existing door bracket for extended mounting adjustability to any drawer front or cabinet door style where previously a sub-door would have been required.

WASTE
CONTAINERS

Premiere
Cabinet Accessories

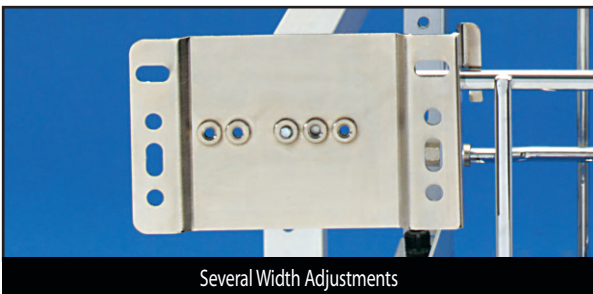

View of circumstances requiring 5345-DM-KIT. Notice how stock mounting position would place wood screws dangerously close to the edge of the door frame (A), which may cause the wood to split. With the Door Mount Extension Brackets you can safely affix the door using a much stronger area (B).

Allows adjustment from
3/4" (19 mm) - 2 1/2" (64 mm) per side!

Proper Door Mounting (no Extender Kit needed).

Slide template back from front of cabinet 3/16" (5 mm) when using extension brackets!

Several Width Adjustments
